

Curriculum Vitae

General information

Full name: ***Antigoni Vlachou***
Occupation: Mineral Resources Engineer, researcher
Date - place of birth: October 30, 1988 – Ptolemaida
Nationality: Greek
Marital status: Single
Address: Office: School of Mineral Resources Engineering, Technical University
Crete, 73 100, Akrotiri, Chania, Crete
Home: Karaiskaki str. , 73100, Chania, Crete, Greece
Telephone: Office: +30 28210 37674
e - mails: avlachou@isc.tuc.gr, vlachouantigoni@gmail.com

Post-graduate studies:

September 2012 - Today:

Master Diploma, Post-graduate program: "Geotechnology & Environment", School of Mineral Resources Engineering, Technical University of Crete.

Post-graduate thesis: "Geopolymerization of mining and metallurgical waste", Supervisor: Professor K. Komnitsas

Academic Education

October 2006 – July 2012:

School of Mineral Resources Engineering, Technical University of Crete, Diploma: Mineral Resources Engineer (7.12 / 10)

Pre-graduate thesis: "Optimization of the location of belt conveyor system interchange on continuous surface mining", Supervisor: Professor Z. Agioutantis

School Education

Secondary School (18.5), Ptolemaida, Kozani, Greece

Languages

Greek: Native language

English: First Certificate in English, Cambridge (2000)

Knowledge of computer programming and software

Windows 2000, XP, 2003, Vista, 7, 8

Software: MS Office 2010, AutoCAD 2005, Matlab

Working experience

- *1/6/2013 – today:*

DURECOBEL - Recycling of quarry dust and construction and demolition wastes for the production of novel ecological building elements, funded by the General Secretariat of Research and Technology, (duration: 1/1/2013 - 31/12/2015), Co-ordinator: Prof. K. Komnitsas

- *October 2012 – today:*

Member of research team involved in mining/metallurgical waste management, Research Unit of Management of Mining/Metallurgical Wastes and Rehabilitation of Contaminated Soils, School of Mineral Resources Engineering, Technical University Crete (Supervisor: Prof. K. Komnitsas).

Excellences

September 2006:

Scholarship for success in Secondary-school exams, Greek State Scholarships Foundation

May 2008:

Scholarship for the first academic year 2006-07, School of Mineral Resources Engineering, Technical University of Crete

Training

19/7/10-19/8/10:

Public Power plant Corporation, Amyntaio mine, Florina, Greece.
